Antiseptic solutions, N. F., quality of oils	245
Antiseptics, some, action on starch-converting enzymes	369
Antithyroid preparations, origin and theory of action	182
Argentamin, composition and uses	182
Argonin, composition and uses	183
Argyrol, composition and uses	183
Aristochin, composition and uses	112
Aristol	112
Arsenic, detection in bismuth preparations (Caldwell)	201
Asafetida, ash in samples	378
powdered, diluent for	488
Asbestos, sample exhibited	548

{ Am. Jour. Pharm.
December, 1907.

Ash determinations of several drugs	379
of drugs, determination of alkali	419
<i>Aspidium marginale</i> and <i>Osmunda Claytoniana</i>	490
percentage of drug yielded by the rhizome	546
Aspirin, composition and uses	112
Aspirophen, composition	425
Atomic combining values	495
Atoxyl, composition	277
Autan, composition	577
Balsam of hardwickia as an adulterant of copaiba	576
Bacterial vaccines	141, 556
Beilstein, Friedrich, biographical sketch of	435
Belladonna, chloroform of	419
leaves and roots from cultivated plants	523
Benzaldehyde, assay of	366
Benzene, preservative for albumen and gelatin solutions	419
Benzoin lotion, preparation	476
samples examined	553
Benzosalin, physical properties	132
Benzosol, composition and uses	113
Berthelot, Marcelin, biographical sketch of	437
Beta-euaine hydrochloride, composition and uses	113
Beta-naphthol benzoate, composition and uses	114
Betol, composition and uses	114
"Beukess Boss"	449
Bismal, composition and uses	114
Bismuth preparations, detection of arsenic in	201
Black currant buds, essential oil	433
Borochloretone, composition and uses	114
Borovertin, composition and dose	132
British pharmaceutical codex, the	423
Conference, forty-fourth annual meeting	418
Brometone, composition and uses	115
Bromipin, composition and uses	115
Bromurol, composition and dose	278
<i>Brucea antidyserterica</i> and <i>B. sumatrana</i> , examination of	420
Butyl-chloral hydrate, composition and uses	119
Cactin, pharmacological tests	574
Cactina, pharmacological tests	574
Calcidin, composition	575
tablets, percentage of iodine	575
Calcium ichthyol	116
Calomelol, composition and uses	116
ointment, uses	116
Calumba, false	419
Camphor	497
production	497
synthetic (Kebler)	349
synthetic (Tutin)	551
reply to criticisms	579
Campho-phenique, composition	276
<i>Cannabis americana</i> , pharmacological study	496
Cantharidin, estimation	491
Capsicum, powdered, percentage of ash in samples	379
Cascara evacuant, properties	117
tonic laxative globules, properties	117
Cataplasm of kaolin	367
Charcoal, animal	419

Check, special form of, for paying bills (Blair)	21, 100
Chinaphenin, composition and use	117
Chloral, hydrated, compared with isopral	474
Chlorbutanol, composition and uses	117
Chloretone	117
inhalant, composition	118
Cigarettes, espic, composition	424
Citarin, formula and uses	118
Cocaine, substitutes	133
Condiments used in India	533
Constants physical, of the U. S. P. chemicals	526
Copaiba, adulteration of	576
Coryfin, composition and use	425
Corn smut, growth under artificial conditions	546
Council on Pharmacy and Chemistry of the A. M. A., discussion on work of	45
proprietary preparations approved	67, 112, 427
reports of	123, 179
resolution endorsing	48
why pharmacists should support the (Thum) work of (Sadler)	34, 46 22, 45
Creosotal, composition and uses	119
<i>Cucumis trigonus</i> , a constituent of	420
Cultivation of medicinal plants, symposium	545
Currier patent reform bill	129
Cystopurin, composition and dose	132
Danish Pharmacopoeia, new	422
Degree of doctor in pharmacy	377
Dentalone, composition	119
Dermatol	119
Diabetin, formula and uses	119
Digestive ferments in presence of alcohol	244
Digitalis leaves, sample exhibited	548
relative potency of	547
Dionin, formula and uses	120
Diphtheria antitoxin, standardization	370
Dispensing, eyes and hands in	475
physician, the, and practising pharmacist	371
quality in	478
Diuretin	120
Doses in the codex	130
Drug business, the, four essentials of (Mason)	10, 99
and food inspection decisions	192, 247
<i>Druggist's Circular</i> , the, fiftieth anniversary of	130
Drugs from cultivated plants, assay (Rippetoe)	523
Duotal	120
